

Dear Dolphins,

I hope you are all well, and have enjoyed the weather. Hasn't it been hot this week? My children went in the sea tonight for a swim. I think it was very cold!

Last week I spent a day at Dame Janet working with the keyworkers children. We spent a lot of time in the forestry area because the weather was good and played a pirate game which they loved.

As usual I have been doing lots of decorating, baking and gardening. I am particularly enjoying my time in the garden at the moment. Here are some pictures of my garden.

I have been planting lots of new plants in my flower beds, painting the decking and fence, and I still haven't finished.

It was really lovely seeing some of you at the google hangouts meetings on Monday. I'm sorry to those of you that had problems logging in. Hopefully you will have more success next week and we will get a few more of you on there to have a chat.

I hope you are all still coping and getting out and about doing some exercise.

As usual myself and Mrs Setterfield are putting work onto google classroom weekly so there is plenty for you to be getting on with if you find the time. If you are having any problems don't hesitate to message me.

I am missing you all, it's a long time since we have seen each other but it is great having contact with so many of you on Google Classroom. Keep messaging and sending me pictures of the things you have done.

Hopefully get to see you all soon.

Miss Elliott
