

Dear Dolphins,

I hope you are all well and making the most of the sunny weather. It has been an interesting couple of weeks with some children back at school and some still learning from home. If you are working from home remember there are lots of activities to do in our Google Classroom. It would be great to see some more of you showing us the work you are doing at home. I have been in school this week teaching with year 6 which has been strange but also great to get back and see some of the children.

We have had two birthdays in our household these past couple of weeks. Mine and my daughter Poppy who turned 16. She didn't get to have a party but we had lots of lovely treats. I came home to a lovely surprise of afternoon tea for my birthday which my children had put together and was fabulous.

In class this week we have been learning about Native Americans and have done some paper weaving and made some dream catchers. We have been outside a lot during the week as the weather has been great and it's much nicer to spend the time outdoors rather than staying in the classroom. This week we are looking forward to making a marble run. Have a look at the link below and you could give it a go yourselves.

You can access the instructions here:

<https://pstt.org.uk/resources/curriculum-materials/Science-for-One>

This week's science challenge is with paper straws, I'll post it on Google Classroom but here is the link.

We have also been enjoying yoga every morning although some of us are definitely bendier than others. It's very relaxing and really good exercise, helping you to stay flexible. There are lots online but the ones we have enjoyed are below.

### **Yoga for kids**

Let me know if you get to some, it is a lot of fun.

I miss seeing you all and am really hoping that we might get to see each other before the end of term. Stay safe and try and do something a bit different each week if you are able to. Get out and enjoy the sunshine.

Love Miss Elliott.
