

To my lovely Seals,

It's beginning to feel very strange not seeing your lovely, smiley faces every day. Happy Easter to you all, hopefully you managed to spend some quality time at home with your loved ones and had the chance to eat lots of yummy treats! I am still a little bit gutted that a Jaffa cake Easter Egg has not been invented! I hope you are all keeping safe, staying indoors and washing your hands frequently.

I have been very busy amusing my two boys and finding lots of activities that we can do together. I have posted lots of ideas and activities- that I have been doing at home- on google classroom. I have been using this time to practice my baking skills and you are all going to be so impressed! I can now make chocolate tiffin, cheese scones, banana bread and banana muffins! The boys were amazed that they were edible! I've even taken pictures as proof for you all as I can already hear some of you doubting me!

We have spent lots of time playing in the garden and enjoying the sunshine away from others. We made our own bird feeders and have enjoyed watching the birds, sitting in our tree nibbling away at them. We have been trying out some of the science experiments that I posted on google classroom for you. The lava lamps were amazing, the boys were so fascinated. We have also made some shapes using salt dough. I secretly enjoyed this more than the boys! We even made our own car track practising how to make squares and rectangles.

I have also set up a video link, fortunately I had one child show up for my video call the other day, otherwise I would have been on my own questioning whether I had set up the video call correctly (you all know how rubbish my technology skills are) I will post on google classroom a step by step guide on how to access the video call from different devices and I would like to see more of you on the next video call. I am scheduling this for

Tuesday 21st April at 3pm. It would be lovely for us all to see each other and share some stories together. If you have any stories or games you would like us to carry out in our weekly video chats please email me.

You should have also received a message about a new website I have joined you all up to- mangahigh.com. This is similar to spelling shed but it is a maths focus. I will assign you maths work for you to complete and I will be able to check this and the leader board. If you didn't receive log in details and you would like them then please email me. Whilst we are on the subject of spelling shed..... unfortunately, we are in 7th place!!!!!! Yes, 7TH PLACE! Come on Seals, we should be in first place! Year 4 are currently in first place.

Please share some of the lovely things you are doing at home with me- pictures, baking, gardening, maths, story writing and anything else you wish to share. I would love to see what you are all getting up to. Carry on keeping yourselves safe and listening to the grown-ups. I'm sure we will all be back together before we know it! I miss you all but we are all in the best place possible at this current time.

Take care,

Miss Setterfield
